PLEASE WRITE A BRIEF INTRODUCTIONS

Hi there! My name is Jessie Davis. Ever since I was little, I always loved helping others. As I grew, so did my love for learning, and I knew at a young age that I wanted to make a difference in the lives of others. I have worked as a Registered Behavior Technician, helping those children who present with special needs, and children with social /emotional and behavioral disabilities, for 5+ years. I also taught second grade for two years. Currently, I am a full time Mommy to my one-year old son but am eager to get back into the world of education! I am a firm believer in teaching to all intelligences. Not every child learns in the same way and it is important to get to know each child and develop ways that will best help them as a learner. I also believe that children learn best when they are engaged and can find the information relatable. A favorite quote of mine says, "Teachers who love teaching teach children to love learning." This is the teacher I strive to be whenever I am with my students.
