TOWN OF RESIDENCE

Essex, MA

PLEASE WRITE A BRIEF INTRODUCT

Hello! I am an 18 year master science teacher who prides himself on being creative, fun and knowing how to meet kids where they are. I am a nature junkie who specializes in AP Environmental Science and Marine Biology but also love and have taught Chemistry, freshmen my Biology and Research. My academic background is in Marine Science and my teaching certification is in 7-12 Biology. I am passionate about helping kids find the awesome in science!

Natural Science

ADDITIONAL DETAILS: WHAT FURT

My connection to kids goes beyond the formal teacher/student role. My style supports social-emotional learning and mind/body simply in that I am always conscious of, and recognizing, where students are in their day as well as in the space we share.

MY PREFERRED HOURLY RATE:

\$30+

I AM LOOKING FOR THE FOLLOWIN

Part-Time

ADDITIONAL DETAILS: PLEASE DE

I am no longer a classroom teacher so I can start as soon as I am needed and wherever/however I am needed. I can work individually with students, or with small pods of students (up to 3 or four at a time), preferably outside where possible and while the weather is good. My rate is \$80 for a single individual and \$60 per student for a pod learning scenario.
