PLEASE WRITE A BRIEF INTRODUCT

I have three years of experience working as a classroom assistant for 4 and 5 year olds. Additionally, I have been a camp counselor for four summers and have experience working with children ages 3-15. I have interned at a center for adolescents struggling with mental illness (ages 12-18), which included tutoring, so I have experience working with a wide range of ages. At school, I have made the Dean's List every semester. I was the Co-President of the Psychology Club. Additionally, I acted as a peer advisor to help freshman transition to college and choose their courses and I was also an orientation leader. Now, I am a mentor for children and adolescents. I tutor children and adolescents on the side in subjects such as reading, writing, psychology and math.
